Dr. Cline called the meeting to order. The September 13th meeting minutes were presented. Cockerham made a motion to approve; Joslin seconded. Dr. Cline then reviewed the Texas Equity Toolkit with DIT members. In groups, members brainstormed what effective teaching looks like to various stakeholders (school board, administrators, students, parents, community, and teachers). Upon completion of that, members used those descriptors to craft a district definition of effective teaching. Members also determined measurable data to use for gauging teaching performance, student learning, and student engagement. The meeting was then dismissed. The next meeting will be held on Wed., October 11th.
