HALLIE RANDALL ELEMENTARY CAMPUS STATEMENT

Hallie Randall Elementary is responsible for introducing children to the exciting and challenging world of education. We are responsible for teaching each child to read, to solve mathematical problems, and to learn to think and reason. This is a monumental task but one that is important so that each child can perform to his/her potential. Each teacher can make a difference in the education of a child. At Hallie Randall Elementary School, we are determined to challenge students to be all they can be. This can be accomplished only when we work as a team in a safe and trusting environment.

FRUITVALE ISD
Hallie Randall School Campus Improvement Plan
2013-2014

Fruitvale ISD is a Title I School wide District. The expanded opportunities in Title I for school wide programs are designed to assist schools to raise the achievement of all children, but especially the poor, low-achieving, migrant, neglected, at risk of dropping out, and limited-English-proficient children.

Under Section 1114(b) (1), a school wide program **must** include the following 10 components, addressing the needs of all children:

1. A comprehensive needs assessment of the entire school that is based on information on the performance of children in relation to the State content (TEKS) and student performance standards (TAKS).
2. School wide reform strategies that—
 - a. Provide opportunities for all children to meet the State’s proficient and advanced levels of student performance.
 - b. Use effective methods and instructional strategies that are based on scientifically based research that –
 - strengthen the core academic program in the school
 - increase the amount and quality of learning time
 - include strategies for meeting the educational needs of historically underserved populations
 - c. Include strategies to address the needs of all children in the school, but particularly the needs of children of low-achieving children and those at risk of not meeting the state student academic achievement standards who are members of the target population of any program that is included in the school wide program, which may include-
 - counseling, pupil services, and mentoring services
 - college and career awareness and preparation
 - the integration of vocational and technical education programs, and address how the campus will determine if such needs have been met
 - d. Are consistent with, and designed to implement, the state and local improvement plans, if any.
3. Instruction by highly qualified professional staff.
4. Professional development for teachers and aides, and where appropriate, pupil services personnel, parents, principals, and other staff to enable all children in the school wide program to meet the State’s student performance standards. (In accordance with sections 1114(a)(5) and 1119)
5. Strategies to attract high-quality, highly qualified teachers to high-need schools.
6. Strategies to increase parental involvement, such as family literacy services.
7. Strategies for assisting preschool children in the transition from early childhood programs, such as Head Start and Even Start, to local elementary school programs.

8. Steps to include teachers in the decisions regarding the use of academic assessments in order to provide information on, and to improve, the performance of individual students and the overall instructional program.
9. Activities to ensure that students who experience difficulty mastering the proficient or advanced levels of academic achievement standards shall be provided with effective, timely additional assistance which shall include measures to ensure that students' difficulties are identified on a timely basis and to provide sufficient information on which to base effective assistance.
10. Coordination and integration occurs between federal, state, and local services and programs, including programs under NCLB, violence prevention programs, nutrition programs, housing programs, Head Start, adult education, vocational and technical education, and job training.
