Welcome was done by Dr. Cline. Last month's minutes were presented. Dr Cline gave update on DOI status and an update on the advisory committee as related to district visioning document. The community and student engagement surveys were looked at and the committee divided up by campus to begin completing the district ratings. Mrs. Bain went over the school safety audit and emergency operations plan. The committee looked at surveys to be sent home and suggested changes to be made. The committee was asked to be thinking about budget and items for the next meeting. Dr. Cline asked for any items to be placed on next month's agenda. No one had any items. She suggested if anyone have something that later be placed, email her that item. The meeting was adjourned. The next meeting is scheduled for May 10.
