Welcome was done by Dr. Cline. Last month's minutes were not available so at the January meeting, both October and November minutes will be presented. Dr. Cline gave the committee an update on accountability and then presented the district improvement plan/visioning document. A motion was made by Charles Harford to approve the district plan. It was seconded by Zach Masterson. Everyone approved.

Dr. Cline asked for any items be placed on next month's agenda. No one had any agenda items. She suggested if anyone have something that later be placed, to email her that item. The meeting was adjourned. The next meeting is scheduled January 11.
