Comprehensive Needs Assessment

Demographics

Demographics Strengths

- Student enrollment and staff availability provides a small teacher-to-student ratio in our academic courses.
- Students have full access to all programs, such as CTE and extra-curricular. Potential barriers have been accessed and reduced.
- Students continue to demonstrate high success rates on STAAR.
- 100% of students are on track to receive CCMR credit and graduate high school in May 2025.
- Students across special programs receive various supports within their classes as well as through additional programs.
- Communications with parents/families are translated into the language of the home when requested.

Demographics Weaknesses

- Increase in student needs: economically disadvantaged, at-risk, and social-emotional and ELL.
- Parent-Family engagement needs to be strengthened across academics and programs.

Demographics Needs

- Continue to strengthen parent-family engagement.
- Continue to provide support services for students, such as McKinney Vento, social-emotional, college-career, and ELL.
- Increase staff awareness and training on supporting student needs and growth across student populations.

Comprehensive Needs Assessment

Student Achievement

Student Achievement Strengths

- Campus rated as an A for multi-years with various distinctions.
- Campus continues to be designated as a P-TECH
- Campus has TIA designated teachers who support student learning.
- Campus offers multiple CTE pathways with industry-based certification and work-based learning opportunities.
- Students have an opportunity to pursue dual credit courses and potentially earn an associate's degree with TVCC.
- UIL teams continue to perform successfully, with past teams winning at the state level.
- High participation in FFA and various FFA activities/projects.
- One-to-One Technology (Chromebooks)
- Wrap-around counseling support (academic, post-secondary, and social-emotional supports)

Student Achievement Weaknesses

- Band and Fine Arts programs are struggling and have experienced a decline in enrollment.
- Boys athletic program struggles to maintain participation.
- Declining interest in CTE pathways, such as Engineering.
- CTE pathway continues to improve but still needs to be monitored.
- Limited options for Work-based learning opportunities.
- For English 1 and 2 STAAR results across multiple student groups, the overall passing rate is lower than the other STAAR assessments: Algebra 1, Biology, and US History.
- Students struggled to complete TSI reading with passing score; many students engage in multiple attempts to achieve the passing standard for the TSIA, which limits their dual credit options.
- Fine Arts dept. struggling to have numbers.

Student Achievement Needs

- Strengthen student reading and writing achievement as measured on STAAR English 1 and 2 EOC.
- Increase industry-based certification options and align to CTE pathways.
- Increase work-based learning opportunities.
- Increase CTE pathway persistence.
- Continue to promote the importance of regular school attendance.
- Continue to grow student service and counseling supports for students, especially as specific needs arise.

Comprehensive Needs Assessment

Student Achievement Needs (Continued)

School Culture and Climate

School Culture and Climate Strengths

- Teacher-student relationships continue to promote high expectations for behavior and academics.
- Student participation in UIL, athletics, FFA, and student organizations.
- Ongoing student support activities, such as theme days.
- Participation in campus-based incentives.
- Weekly communication to staff and students via Principal newsletter.
- Ongoing communication to students via Counselor newsletter.
- Relocated ISS to central location and implemented a point system based on restorative practices for students to complete while serving.

School Culture and Climate Weaknesses

- Increased concern with vaping among students.
- Parent-Family engagement and/or support is limited, which impacts student engagement with school and extra-curricular programs.
- Increase student and parent/guardian awareness of the Student Code of Conduct and Student Handbook expectations.
- Increase student and parent/guardian awareness of the Student Athletic Handbook as well as any other program guidance/handbooks.

School Culture and Climate Needs

Comprehensive Needs Assessment

School Culture and Climate Needs (Continued)

- Increase access to programs and resources that support student awareness and social-emotional learning.
- Increase safety and health awareness for students and staff.
- Continue to implement incentives and activities that promote engagement and high expectations.
- Continue to apply the Student Code of Conduct and Student Handbook expectations consistently and fairly.
- Continue to apply the Student Athletic Handbook and other program guidance/handbooks consistently and fairly.

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention Strengths

- Multiple teachers have received TIA designations.
- Limited staff turnover for 2023-2024.
- District DOI process supports staffing needs.
- Staff involvement in student-based programs, activities, and organizations continues to grow.
- Continuity of staff assignments across multiple years.
- Maintained staffing in areas, such as dedicated high school special education teacher, dedicated counselor to the high school, and assistant principal to high school. In addition, campus has access to four paraprofessionals throughout the school day to support various programs and student needs.
- District provides stipends (when applicable) for additional roles.
- Teachers are able to access professional development through ESC Region 7.
- District/Campus strives to support additional professional development requests.

Staff Quality, Recruitment and Retention Weaknesses

- Limited access to substitutes at times.
- Campus size does not provide multiple teachers in a teaching area, which means teachers are left with multiple preps and limited collaboration opportunities for planning.
- Staff wears multiple hats, making time to plan and organize across responsibilities challenging.
- Campus continues to receive a small number of applicants for vacant positions.
- Time to support planning and training needs continues to be limited across the school year.

Comprehensive Needs Assessment

Staff Quality, Recruitment and Retention Needs

- Continue to promote and support the TIA designation process.
- Continue to increase recruiting efforts for open positions.
- Utilize the district DOI process when securing hard-to-fill positions.
- Utilize the district DOI process to support CTE course opportunities.
- Provide additional planning time for teachers (extra period when possible, coverage during advisory, half/full day planning days, work time on early release/in-service days).
- Build a campus calendar that supports training and committee needs.
- Increase staff recognition and celebrations.
- Increase feedback loops and communication with staff.

Curriculum, Instruction and Assessment

Curriculum, Instruction and Assessment Strengths

- Continuous student success and growth on STAAR EOC assessments.
- Students engage in multiple assessment opportunities throughout the school year to monitor student progress.
- Students have access to complete the TSIA assessment on campus.
- Students have an opportunity to complete the SAT assessment on campus (SAT School Day).
- Students have access to accelerated learning for STAAR assessments when needed via advisory or lab courses.
- Teachers in academic courses utilize TEKS Resource Systems, TEKS Guide, and Implementing the TEKS to guide curriculum and assessment decisions.
- CTE teachers utilize PLTW and/or iCEV to curriculum and assessment decisions.
- Teachers and students have access to courses via Edgenuity for academic and CTE courses.
- Students can access up to 40 hours of online and some face-to-face dual credit courses through TVCC.
- Campus continues to meet the requirements for P-TECH and T-STEM designations.
- Through the support of various grants, teachers have been able to purchase or access equipment, supplies, and technology to support their course and/or program needs.

Comprehensive Needs Assessment

Curriculum, Instruction and Assessment Weaknesses

- Teachers have multiple course assignments, which requires them to manage multiple curricula and resources.
- Student continue to struggle with completing the English 1 and 2 STAAR EOC as well as TSIA Reading and Writing with great success on the first administration.
- Students have access to a limited number of Industry-based certifications.
- Campus has limited work-based learning opportunities for students.
- Student participation in dual credit is limited due to TSIA requirements.
- Student access to face-to-face dual credit options is limited due to staff credentials. Students take most of their dual-credit courses online with TVCC.
- Course offerings are limited due to master schedule and teacher availability, so some courses have to be completed online with Edgenuity.
- Some CTE courses have limited access to curriculum resources, such as advanced technology courses (C#).

Curriculum, Instruction and Assessment Needs

- Provide student support for TSIA in math, reading, and writing.
- Monitor student progress on Edgenuity to ensure student success and completion of assigned courses. Every Thursday counselor receives a progress report on students that are in Edgenuity.
- Utilize Edgenuity when course offerings or curriculum resources are limited.
- Increase the promotion of dual credit offerings, starting in grade 8.
- Explore additional curriculum resources for courses that have limited access.?
- Explore how to best utilize and support online courses (Edgenuity and Dual Credit), so students learn how to manage online learning successfully.
- Increase contacts with industry partners to explore additional work-based learning opportunities.
- Explore work-based learning opportunities within the school setting.
- Utilize grant funds to increase assess to curriculum resources and work-based learning opportunities.
- All above mentioned are ongoing and necessary for continual improvement.

Family and Community Involvement

Family and Community Involvement Strengths

- Campus provides multiple family and community involvement opportunities each school year: parent conference day, homecoming parade and community pep rally, Veteran's Day Celebration, pep rallies, Thanksgiving meal, senior night, and informational meetings.
- Teachers are available for conferences.
- Teachers and coaches utilize Remind and email to communicate.

Comprehensive Needs Assessment

Family and Community Involvement Strengths (Continued)

- Campus sends a weekly communication to parents and students.
- Campus utilizes Facebook to promote engagement opportunities and to recognize students.
- School counselor holds regular meetings with parent/guardians and students.
- Campus supports the PTO, which meets monthly.

Family and Community Involvement Weaknesses

- Parent-Family engagement needs to be strengthened across academics and programs.

Family and Community Involvement Needs

- Continue to increase communication with parent/guardians across academic courses and programs.
- Continue to explore barriers that limit student and family involvement in programs, such as boys athletic program.
- Continue to explore opportunities to engage the family and community across school programs, and not limited to athletics.
- Continue to promote family and community involvement in various campus committees (such as CIT) and student programs and organizations (such as PTO).

School Context and Organization

School Context and Organization Strengths

- Campus provides a small school setting for students.
- Students have the same teachers across multiple years, which allows them to build strong relationships and support student growth.
- Campus has maintained stability across staff and programs.
- All core classes are scheduled for the first six periods of the day, so that if students need to leave early for activities they're not missing core classes.
- Students attend advisory daily to support various academic, program, organization, and counseling needs.

Comprehensive Needs Assessment

School Context and Organization Weaknesses

- Master schedule needs and staff availability does restrict course offerings at times.
- Staff wear multiple hats to support the needs of entire campus program, which limits their availability and time.
- Facilities do not provide adequate space for all programs, such as band hall.
- Campus shares staff with other campuses, which affects supports and scheduling.

School Context and Organization Needs

- Continue to work closely with others campuses to manage support and staffing needs, especially in regard to paraprofessionals.
- Continue to monitor the student course needs as master scheduled decisions are made.
- Continue to maximize the use of advisory to support student academic, counseling, program, and organization needs.

Technology

Technology Strengths

- Students have 1:1 access to Chromebooks.
- Students have access to course materials via, Google Classroom, iCEV, and/or Edgenuity.
- Students have access to online resources through online library services.
- Students have access to digital curriculum materials, such as online textbooks and platforms.
- Classrooms have access to smart projectors and/or Newline interactive boards.
- Teachers have access to a variety of digital resources to support curriculum and instruction needs.
- Students complete most course assessments through online programs, such as DMAC, STAAR, Google Classroom, , iCEV, and others.
- All students have access to a school email to communicate with their teachers and to receive critical communications from teachers, principal, counselor, coaches, and sponsors.

Comprehensive Needs Assessment

Technology Weaknesses

- Maintain an inventory of Chromebooks for replace devices or outdated devices.
- Ensure students handle devices appropriately to extend the life of the devices.
- Maintain funding for digital resources as grants expire.

Technology Needs

- Explore budgeting needs for future purchases: devices and resources.
- Monitor student device use and repairs to extend the life of devices.
- Monitor the use of technology across classroom to ensure integration supports student learning appropriately.
